Supporting A Safe And Attractive Community

Beechwood Village has a Code Enforcement Officer. His job is overseeing compliance with the city’s ordinances on property upkeep, parking, and nuisances.

The three most common code violations are: parking on the street overnight, parking on grass, and excessive grass length.

Beechwood Village takes an active role in ensuring our small city remains a safe, pleasant, and attractive place to live. If you are aware of a potential code violation, please send an email with the location and specific details to: code@beechwoodvillage.org.

Everyone benefits from living in safe, well-maintained community.

Meet Your Newest City Council Members

Beechwood Village has a newly seated City Council. Below is a list of all our newly appointed members.

Time For Spring Cleaning

With spring almost upon us, it's time to do some cleaning!

Performing simple repairs and cosmetic updates around your property helps to make our community a happier and safer environment. Regular maintenance also ensures your property meets regulations and city codes. Not sure where to begin? No worries. We've compiled an easy three-part checklist to help you out.

Here are some simple guidelines to keep our community cleaner, safer, and more welcoming:

- 1. Keep lawns and landscaping attractive and inviting.** Develop a reliable lawn and landscaping routine. Keep grass mown, bushes trimmed, and flower beds weeded. Clear outdoor areas of pet waste. If your landscaping is lacking, consider overhauling it this spring to create a more welcoming environment for our community. A little bit can go a long way!
- 2. Make sure building exteriors are clean and maintained.** Repair broken or missing shutters, and touch up paint on areas that show chipping or visible wear. Keep the front and back doors welcoming and clear of refuse, and painted a clean and appealing color. If there are broken outdoor fixtures, repair or replace them.
- 3. Eliminate any sources of visible clutter.** Make sure porches and balconies are not being used as storage spaces, or as drying racks for clothing or rugs. Trash should be contained and out of sight, and driveways and public spaces should be free of litter, personal belongings, or other debris.

With these suggestions in mind, it's time to step back and find areas that we can improve to make our neighborhood better and brighter. Let's work together to provide a clean and safe place to live and work.

Trash and Recycling Schedule

To the right is the trash and recycling schedule. Once your bins have been emptied, please remember to place your bins back to the rear/side of your house.

Days colored Green are Trash only.

Days colored Yellow are Trash/Recycling/Yard Waste.

MARCH							APRIL

Safety Tips from Lyndon Police: Thefts from Vehicles

From doctors' visits, to school, to a concert, we depend on our cars to take us to the places we need to go. Unfortunately, some thieves depend on our cars to steal from us. With a few simple steps, we can make sure our cars and our property is protected. Here are a few simple tips to help reduce the risk of theft.

- **Park in a well-lit and visible area:** Whenever possible, park in an area that is well light and has foot traffic that may deter the thief. At home, consider installing a light in your driveway. Well-lit areas discourage thieves.
- **Lock your car doors and roll up your windows:** It may seem like a simple tip, but many thefts from vehicles occur because the car has been left unlocked.
- **Never leave your keys in your car:** Leaving your keys in your car makes it simple for a thief to steal your vehicle. Many times, we also leave our home keys on our keyring. This could give the thief access to your home as well.
- **Do not leave valuable items in plain view:** Visible items like purses, electronics, bags, or even change can tempt thieves. Keeping your car clean and tidy with no visible items suggests that there is nothing to steal from the inside of the car.
- **Never leave a firearm unattended inside of your vehicle:** Many thefts of firearms occur because they have been left inside of a vehicle. Often, the vehicle is unlocked.

Free Food! City Council Meet and Greet

What a great way to meet your newly elected council! The City Council will host a Meet and Greet for all Village residents on Tuesday, May 13th at 6:00pm in the Beechwood Baptist Church basement. There will be free pizza, and residents are encouraged to attend. It's a great opportunity to meet your leaders, learn more about new initiatives and improvements for our city, and mingle with your neighbors. We also invite you to stay for the City Council meeting immediately following dinner to learn more about how your village government works.

Stay in the Know

Find out about important developments in the neighborhood with our village email notifications. You'll get updates about trash collection, road closures, city services, events, and more. It's easy and free. Sign up at: beechwoodvillage.org
